

## HANS NIELSEN HAUSEN

## PROMINENT MASON DIED OF PNEUMONIA YESTERDAY.

He Was One of the Best Informed Members of the Order in Missouri—Will Be Buried With Full Honors.

Hans Nielsen Hausen, aged 44 years, died of pneumonia at his home, 136 East, Tuesday night. He had been ill for some time, having been confined to his home only nine days. He was born in Schleswig-Holstein, when that province was a part of Denmark. Mr. Hausen did not have a liking for the army and when his native province became a part

of the German empire, being 17 years of age, he escaped, with a bundle of clothes on his back, to avoid military service, to Copenhagen. From there he took passage to Portland, Me. It was in Portland that he spent his young manhood and learned his trade of a tailor. Later he went to Chicago and there he became a member of the Masonic order and took all the degrees.

On February 4, 1886, he was married to Edith S. Swanson, daughter of J. H. Swanson, of Portland, Me. He has two children, Tom, aged 10, and Grace, aged 4 years and 6 months—survive him.

Mr. Hausen was a very earnest worker among the Masons and about two weeks ago he went with a number of others to Plattburg, Mo., to assist in instituting the Order of Perfection. While there he contracted a cold which led to pneumonia and resulted in his death.

At the time of his death Mr. Hausen was knight commander of the Court of Honor and past master of Aetolian chapter, Rose Croix No. 2, being a prominent worker in all bodies in the order. In the York Rite, he was a member of Temple Lodge No. 259. He was also a member of the Order of the Eastern Star, No. 3, Knights Templar, No. 1, and a member of the Mystic Shrine, No. 1. He had held offices in all the bodies to which he belonged and was acknowledged one of the best informed Masons in the state.

The remains will be taken to-day to the Scottish Rite cathedral, and to-night at 9 o'clock sharp the funeral services of a Knight Kadish of the thirtieth degree will be held. The casket will be in state until Friday afternoon, when the burial will take place. It has not yet been decided in which cemetery the burial will take place.

**OFFICER DUFFY DEAD.**  
Had Done No Active Work for Two Years, but Was a Member of Police Relief Association.

Police Officer John Duffy died Tuesday of consumption at the residence of his sister in Armourdale. Duffy had done no active work for the past two years, but had been caring for his sister, who is now in the hospital. Duffy was a member of the Police Relief Association, which will pay \$1,000 to his two little children. He spent some time in Las Vegas, N. M., to regain his health, but returned to Kansas City in a dying condition.

**Death Follows the Surgeon's Knife.**  
Not the Surgeon's Fault, of Course, He Can't Help It—You Can.

Pyramid Pile Cure Cures Piles Quickly, Painlessly, Without Danger.

People go along for years suffering with piles. They try this, and that, and the other thing; from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, but the piles are never cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhoea and the piles come back.

## PRINCIPAL BARNARD THINKS CULTURE BEGINS AT HOME.

He Is Introducing the Study of Literature Into the Webster School and Has Started an American Authors.

Principal J. U. Barnard is just introducing the study of literature into the Webster school. It is Mr. Barnard's idea that children who are being made acquainted with authors and poets for the first time should learn of those of their own country first. Consequently, the literature course for the Webster school, as mapped out for this year and next, includes American writers only. Miss Standish, "Exchange" (The Lone Star), "Hawthorne's 'Wonder Book' (Robinson Crusoe), and 'Myths and Fables' are now being read by the pupils of the seven grades of the school.

Mr. Barnard is also a firm believer in the benefit of memorizing bits of prose and poetry. He thinks that this practice not only trains the mind but it gives the pupils an early acquaintance with correct forms of language. Aside from this, of course, they are acquiring a useful knowledge of literature. Memorizing at the Webster school is begun in the first grade and carried on through the entire course. The Webster pupils, in the first grade, have attended school only since last September, have already quite a large repertoire of fairy tales, legends, and stories which they recite, individually or collectively, with great vim. It is here that they receive the first mental drill that will later be followed by heart of parts of good literature easy, and develops in them the power of concentration of thought.

**MASTER LEO BLUSHED.**  
He Received Fifteen Letters and Every One Was From a Little Girl in New York City.

In the correspondence that is being carried on with schools in different parts of the country and abroad, Master Leo Cassidy, of the Lowell, as a representative of his class, wrote to New York City, where he was the teacher of one of the rooms in a girls' school, and the pupils were told that as many of them as wished could answer the letter. Master Leo came to school the other day he was overwhelmed on being told that he had received fifteen letters, all from little girls in New York City. The letter was a very interesting one, and Master Leo was very much pleased to receive it. He was very much pleased to receive it. He was very much pleased to receive it.
